WHY UASI

Our Consulting Division:

Our quality-driven consulting teams deliver major results for clients. UASI's Consulting Division leaders average 30+ years of experience and hold AHIMA, HCCA, ACDIS, AAPC, and/or ACMA credentials.

We address critical areas including HIM management, inpatient & outpatient CDI, coding compliance, utilization review, DRG denials, and clinical data quality management. Expect a measurable return on investment with the implementation of our solutions, often as much as 10x.
